PRIVACY NOTICE

THIS NOTICE DESCRIBES HOW YOUR MEDICAL INFORMATION
MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO
THAT INFORMATION.

PLEASE REVIEW THIS NOTICE CAREFULLY.

POLICY STATEMENT

The Center is committed to maintaining the privacy of your protected health information ("PHI"), which includes electronic protected health information, and which includes information about your medical condition and the care and treatment you receive from the Center and other health care providers, all in accordance with the provisions of the Health Insurance Portability and Accountability Act and the Health Information Technology for Economic and Clinical Health Act, and their regulations (collectively, the "HIPAA Rules"). This Notice details how your PHI may be used and disclosed to third parties for purposes of your care, payment for your care, health care operations of the Center, and for other purposes permitted or required by law and the HIPAA Rules. This Notice also details your rights regarding your PHI.

ORGANIZED HEALTH CARE ARRANGEMENT

The Mary M. Gooley Hemophilia Center, Inc. ("the Center") includes the physicians and other health care providers who provide health care services to you but are legally independent from the Center. Although these health care providers share medical personnel, office staff, equipment and supplies, they are not legally related, in that they are not partners, owners, or employees with or of each other or of the Center. Although these providers are all independent, as you would expect they cooperate to provide an integrated system of care to you. This type of clinically integrated setting in which you receive health care from more than one health care provider is called an organized health care arrangement ("OHCA").

We may share your health information with participants in the OHCA for treatment, payment, and health care operations of the OHCA. The participants in the OHCA will also share protected health information in order to carry out treatment (including coverage for each other), payment for treatment, and health care operations. Those participating in the OHCA include, but are not limited to, physicians specializing in hematology, dentists, and physical therapists. This Notice is provided as a joint notice made by each of them; and each of them will abide by the terms of this Notice while providing services to you at the Center.

1. The Center may use and/or disclose your PHI for purposes related to your care, payment for your care, and health care operations of the Center. The following are examples of the types of uses and/or disclosures of your PHI that may occur. These examples are not meant to include all possible types of uses and/or disclosures.

(a) **Care** - In order to provide, coordinate and manage your care, the Center will provide your PHI to those health care professionals, whether on the Center's staff or not, directly involved in your care so that they may understand your medical condition and needs and provide advice or treatment (e.g., a specialist or laboratory). For example, a physician treating you for a condition such as arthritis may need to know what medications have been prescribed for you by the Center's physicians.

(b) **Payment** - In order to get paid for some or all of the health care provided by the Center, the Center may provide your PHI, directly or through a billing service, to appropriate third party payors, pursuant to their billing and payment requirements. For example, the Center may need to provide your health insurance carrier with information about health care services that you received from the Center so that the Center can be properly reimbursed. The Center may also need to tell your insurance plan about the need to hospitalize you so that the insurance plan can determine whether or not it will pay for the expense.

(c) **Health Care Operations** - In order for the Center to operate in accordance with applicable law and insurance requirements and in order for the Center to provide quality and efficient care, it may be necessary for the Center to compile, use and/or disclose your PHI. If the Center is authorized by law to make such a disclosure, it will do so if it believes that the disclosure is necessary to prevent serious harm or if the Center believes that you have been the victim of abuse, neglect or domestic violence. Any such disclosure will be made in accordance with the requirements of law, which may also involve notice to you of the disclosure.

(g) Health Oversight Activities - Such activities, which must be required by law, involve government agencies involved in oversight activities that relate to the health care system, government benefit programs, government regulatory programs and civil rights law. Those activities include, for example, criminal investigations, audits, disciplinary actions, or general oversight activities relating to the community's health care system.

(h) Judicial and Administrative Proceeding - For example, the Center may be required to disclose your PHI in response to a court order or a lawfully issued subpoena.

In order to provide on-call coverage for you, it is necessary that the Center establish relationships with other physicians who will take your call if a physician from the Center is not available. Those on-call physicians will provide the Center with whatever PHI they create and will, by law, keep your PHI confidential.

FAMILY/FRIENDS

The Center may disclose to your family member, other relative, a close personal friend, or any other person identified by you, your PHI directly relevant to such person's involvement with your care or the payment for your care. The Center may also use or disclose your PHI to notify or assist in the notification (including identifying or locating) of a family member, a personal representative, or another person responsible for your care, of your location, general condition or death. However, in both cases, the following conditions will apply:
